Supplemental Type Certificate

Number SR09316RC

This certificate is issued to Global Spar LLC
1000 85th Avenue SE
Olympia, WA 98501

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified herein meets the airworthiness requirements of Part 21.25 of the Federal Aviation Regulations.

Original Product -- Type Certificate Number : **
Make : **
Model : ** See Attached FAA Approved Model List (AML)

Description of Type Design Change: Fabrication, modification, and installation of a new vertical fin spar in accordance with Global Helicopter Technology, Inc., Drawing number VTF-030-801, Revision B, dated April 5, 2001, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to rotorcraft models specified on the attached AML SR09316RC only, that are equipped with standard tail booms with part number 204-031-090-1, fin assemblies installed. This approval should not be extended to any other rotorcraft of this type, on which other previously approved modifications are incorporated, unless it is determined that the relationship between this change and any other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of the helicopter. This modification must be maintained in accordance with Global Helicopter Technology, Inc., Instructions for Continued Airworthiness Report Number GHT-425-105, Revision 1, dated February 12, 2001, or later FAA accepted revision.

(See continuation sheet 3 of 4)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

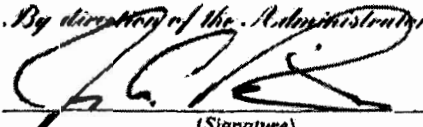

Date of application : November 1, 2000

Date issued : January 27, 2004
October 29, 2010

Date of issuance : April 16, 2001

Date amended :

By direction of the Administrator
